

5TH

Future 5th Grade Students and Parents,

We would like to welcome you to fifth grade! We hope your summer will be a great one, and that you are looking forward to next year. In anticipation of what we expect to be a very special year, you should also know that fifth grade comes with new challenges and responsibilities. As some of the older students on campus, you will be expected to be more responsible, reliable and ready to set the example for all of the younger students. Without a doubt, you probably feel more serious about school and yourself as a student right now. Together, we are going to work to have an incredible year as we look forward to the challenges ahead. The following is a suggested supply list that you may want to keep handy in order to beat the "back to school" rush.

First Day of School Suggested Supply List

We recognize that many families wish to provide supplies for their own student and/or for the entire school community. Parents may do so at any time. Due to our own limited financial resources, we greatly appreciate these donations. Please note however that these supply lists are provided as suggested materials and are not required of any student or family to fully participate in the school's academic program. (OVER)
