

DIDION MIDDLE SCHOOL VISITATION DAYS

JANUARY 22 & JANUARY 23

Visit the teaching staff, students, and principal of Genevieve Didion Middle School and find out why Didion is an excellent alternative to large middle schools.

Student/Parent Visitation Days

Tuesday, January 22nd, 8:30 and 9:30

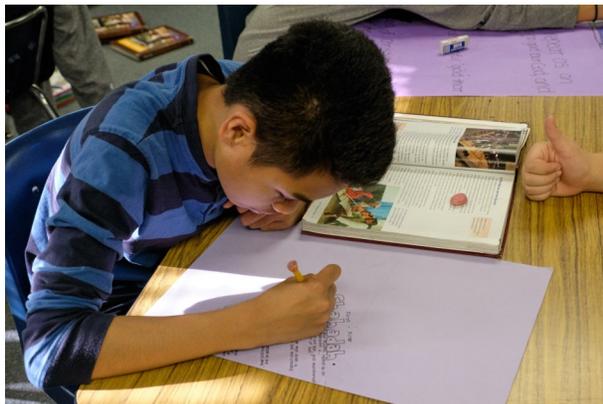

Wednesday, January 23rd, 8:30 and 9:30

Call to schedule: 916-433-5039

Culture & Academic Achievement

One of the most important educational decisions parents face is choosing the best middle school program for their children. At Didion, academic achievement and social and emotional development are a primary goal. Our priority is to provide a safe, supportive, and nurturing environment where students are encouraged to reach their full potential. Smaller class sizes allow teachers to better establish relationships with our students and families.

Our middle school students consistently excel each year on the state-standardized CAASPP exams, and are well-prepared for high school success. 2017-2018 8th grade Didion students had the top district scores in math and English language arts (ELA). Beyond test scores, Didion students have a track record of performing at the highest academic levels and for being socially and emotionally prepared to achieve in high school.

"Didion students are and always have been a great addition to PACE (Program in America and California Explorations). PACE is a college prep honors program and Didion students have come to us strong in the areas of class participation, writing skills, time management and creativity... Not only have our Didion PACE students been successful in PACE but on into college and beyond as well."

*Todd Whalen, Director, PACE
JFK HS*

"Didion students who come to HISP (Humanities and International Studies Programs) are well-prepared for the demands of this program. They are socially and academically ready to take on the high school experience and they are thriving. They are leaders and scholar-athletes and artists and performers. You name it, Didion grads are involved. What a great job these kids are doing at C.K. McClatchy High School."

*Ellen Wong, Director, HISP
C.K. McClatchy HS*
