

CK McClatchy Visual and Performing Arts Program (VAPA)

CKM Visual and Performing Arts (VAPA) Program strives, through teamwork, to promote higher academic achievement, develop marketable career skills, encourage continued education, and enhance the quality of life in our community. Within the Visual and Performing Arts Program, students will be provided with opportunities to explore the broad range of careers within the fields of art, entertainment, music and media; to understand the relationship between academic success and success in the workplace; and to develop the necessary skills to sustain a successful career in any chosen field. The experiences and training each student receives in VAPA will give them a solid educational foundation and prepare them for success in their continued education and future career opportunities. Our graduates will be creative contributors to society and a positive influence within the community.
